CAT® Pediatric Select

The CAT Pediatric Select (CT010) and (CT011)

Avaliable in two tip sizes and with 15 referenced force settings these are great tools for delicate adjustments. The tip on the CT010 is 1 cm and the tip on the CT011 tapers gently down to .5 cm. With 15 referenced force settings, this device can be adjusted from 10 to 23 *AFR. Try it with our optional Palm and Finger Pads for greater comfort and a firmer grip during use. The warranty on these precision CAT Pediatric Select devices is 12 months.
