CAT® Pro Select

The CAT Pro Select (CT012)

JTECH's premium thrust adjustment device made from durable stainless steel. The CAT Pro Select comes standard with our new, and more comfortable, Palm (CT007) and Finger (CT008) Pads. The CAT Pro Select also includes our Cervical Tip, velocity reducer (CT004). With 15 referenced force settings on the shaft, this device can be adjusted from 20 to 45 *AFR. The warranty on this premium device is 18 months, the longest in the industry.
